Wednesday, 8 September 1954

PRESENT: Messrs. Dulles, Wisner, Amory, Colonel White, Messrs.  
Kent and [REDACTED]

Mr. Dulles:

a. Noted during his trip a great deal of interest was expressed by our people in the Career Service Program. The Director said, however, that apparently no information on this program had yet reached the field and asked Colonel White to determine the status of any notifications to foreign stations. The Director also said that the question of educational facilities for the children of our foreign service personnel was the prime topic of conversation and asked what is being done about this problem. Colonel White noted it is under study by DD/P-Admin. The Director stated he wished to push ahead on this as rapidly as possible. S. 7-1454

b. Referred to the "exchange situation in [REDACTED]" and asked Colonel White if he was aware of the problems connected therewith. Colonel White said he had received a report from Messrs. Houston and [REDACTED] is preparing recommendations for the Director's consideration.
